Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>For preferred providers \$500 member/\$1,500 family; for out-of-network providers \$1,500 member/\$4,500 family</p>	<p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. Preferred providers services for preventive care, preferred provider physician office visits, preferred provider urgent care, LabCard, preferred provider emergency room visits, preferred provider or non-preferred provider services for non-specialty prescription drugs, and child immunizations are covered before you meet your deductible.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.</p>
<p>Are there other deductibles for specific services?</p>	<p>Yes, \$50 for home health care. There are no other specific deductible.</p>	<p>You must pay all the cost for these services up to the specific deductibles amount before this plan begins to pay for these services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>For preferred providers \$3,500 member/\$7,000 family; for non-preferred providers \$10,500 member/\$21,000 family</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limit until the overall family out-of-pocket limit has been met.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Premiums, balance-billing charges, health care this plan doesn't cover, penalties for failure</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit. Also, the difference between the Generic Drug price and the Preferred or Non-Preferred Brand Name Drug</p>

	to obtain pre-authorization for services and the difference between the Generic Drug price and the Preferred or Non-Preferred Brand Name Drug price when a generic equivalent drug is available.	price when a generic equivalent drug is available will not apply toward the \$250 cost sharing limit for outpatient prescription drugs.
Will you pay less if you use a network provider?	Yes. See www.nipponlifebenefits.com/member-services or call 1-800-374-1835 for a list of preferred providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use a out-of-network provider and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
